“As new technologies
allow us to change
our genomes and our physical
structures, it will become
much less clear
when we have lost
something precious...”

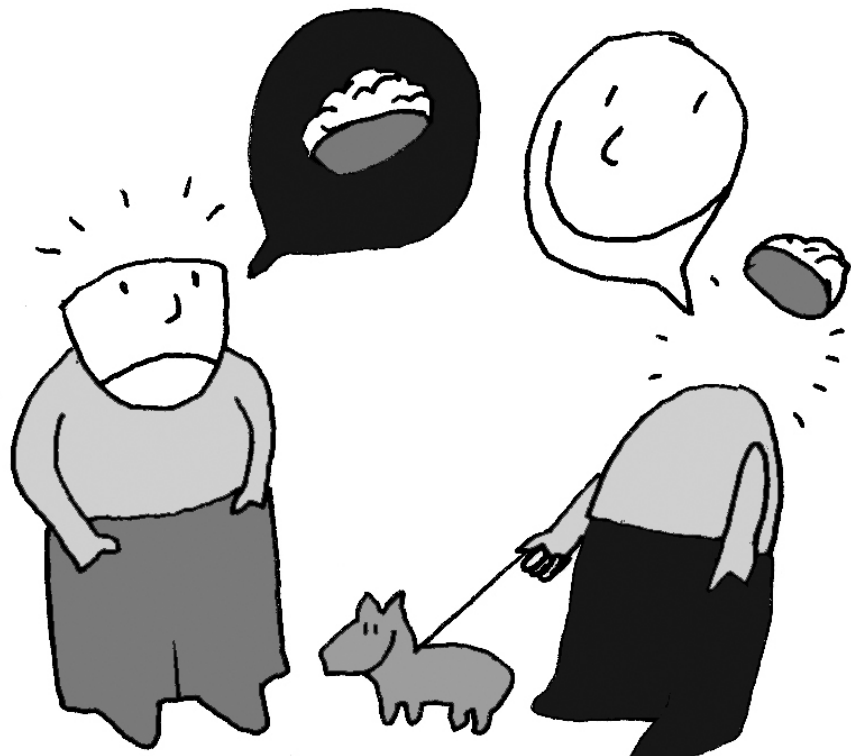

“A medida que
las nuevas tecnologías
nos permiten cambiar
nuestro genoma
y nuestras estructuras físicas,
se hará mucho menos claro
cuando hemos perdido
algo precioso ... “

Stephen Omohundro
(Cofounder of the Center
for Complex Systems
Research)

*We've lost that feeling
from when you went to
the store and there was
only one record left you'd
be looking for... you got
home, listened to it and it
was a real party.*

*Se ha perdido
aquella sensación
de cuando ibas a la tienda
y sólo quedaba
una única unidad
del disco que buscabas...
te ibas a casa,
lo escuchabas
y era una auténtica fiesta.*

Jason McGerr
Músico/Musician

*I think
it is
very
much
about*

*delivering an event that
everybody will be happy with
and at the same time ensuring
that it runs smoothly...
Like every other event
there's problems behind the
scenes, there's difficulties
but as long as the customer
is not aware of those
and just comes and enjoys
the event, that's our job.*

Richard Cregan
(CEO of Abu
Dhabi Motorsports
Management)

Son [los jóvenes] quienes podrán emprender el camino de una renovación moral a fondo de la sociedad. En el fondo, es la suya, la generación llamada a hacer una verdadera reforma social, cultural y política en la que primen los valores fundamentales del bien del hombre”

The Beauty and the News.

“The bullet hit me
from the back
and went out from my chest
near my heart.

It was a deliberate hit
aimed to kill.
No one who carried me
thought
I will be alive today.”

“La bala me alcanzo
por detrás y me salió
por el pecho,
al lado del corazón.
Estaba deliberadamente
pensada para matar.
Nadie de los que me
llevaron pensó que iba
a estar vivo hoy”

Abu Ata
(Syrian Red Crescent)
